## **Pima County Fair**

On April 19, 2025 The Model A and T Clubs attended the Pima County Fair to show off their vehicles in the central park area of the fairgrounds. In attendance were 15 Model A's and 2 Model T's. It was a brisk, rather windy day. Fair attendees enjoyed looking at the cars and spoke to members. We all had plenty of time to explore the fairgrounds and chat with each other. We thank all members for bringing their vehicles. A good time was had by all.

Submitted by Ray and Sandy Feierstein

## **The Progressive Dinner**

On April 27, Model A and T club members participated in our annual Progressive Dinner. The day started out beautifully at the home of Harvey and Betty Ross who opened their home for appetizers and salads. They have a beautifully decorated home with many interesting displays to catch your attention. In addition, the weather could not have been better.

Our second stop for the main course and desert was at Lake Side Park. The day remained sunny and the temperature was nice. The only down side was somewhere between the first stop and the park, someone turned on the fan. It was a bit windy for most of the afternoon. This was not an insurmountable problem as there was plenty of food to hold your plate down onto the table.

By my count at the park, there were six Model A's and two Model T's in the parking lot. According to the sign in sheet, 34 people attended. Despite the breeze, I would say "a good time was had by all."

There are several people I wish to thank for making the day a success. Harvey and Betty opened their home for the event. Our President, Richard Kunz reserved a ramada at Lake Side Park. Chuck and Lynn Thim picked up the chicken and some sides from Lucky Wishbone. Joe Findysz arranged to have the chicken etc arrive in serving pans. Folding tables were provided by several people for serving and eating from.

And of course, thank you to all who attended.

Gary Roberts.

### **The 1931 Ford Model A 68C.**

The 1931 Ford Model A 68C was a cabriolet (convertible) model with a distinctive "slant windshield" design, made from May 1931 until the end of Model A production. It is considered one of the more desirable Model A body styles due to its sporty look and lower production numbers compared to other Cabriolet models.
